To whom it may concern,

In response to your most recent letter regarding the proposed agreement with the UAW, I would like to inform you that I object to losing the following:

- My Dental program
- My Medicare part B special benefit (\$76.20 per month, totaling \$914.40 per year)
- My Vision program

Losing the above benefits through the proposed UAW agreement will cause me an additional unknown out of pocket expense.

Sincerely,

James Miller
